Brand New Book ***** Print on Demand *****.The babysitter Log (with 2012-2013 calendar) is a better way to know your children and nanny or babysitter s daily activity. In today s busy world, families increasingly are turning to outside support for their day-to-day lives. Caregivers for children and the elderly play an important role in private homes and in the surrounding communities, a reality that demands effective communication between employers and employees. This unique daily planner allows employers to keep a detailed record of the responsibilities and tasks accomplished by their babysitter, nanny, HHA or au-pair, each day. The customizable notebook eliminates the need for employers to verbally communicate every detail of their instructions with their caregiver, creating instead a central written record. It also functions as an easily referenced record of doctor s appointments, birthdays, and other recurring events. With a trilingual glossary-English, Spanish, and French-and specially designed worksheets, The Caregiver s Log is an indispensable tool for those who employ caregivers for their children or parents. Chock-full of helpful worksheets and advice (tips 35 DOS and Don ts for the nanny or babysitter) from the author, The Caretaker s Log enables employers to: * outline expectations for a caregiver and itemize any instances in which he/she may not have performed as requested; * record assignments, house rules, medical and dietary restrictions, and more; * make note of important dates and appointments, such as birthdays, play dates, school holidays, and doctor s appointments; * encourage caregivers to keep a daily log of activities, descriptions of what happened with the people for whom they are caring, and what they may need for the next day; * establish a master list of emergency contact information. The...
