George Mason of Virginia: An Address (Classic Reprint) (Paperback)

Filesize: 4.41 MB

Reviews

This is actually the finest ebook we have go through until now. It is writter in straightforward words and phrases instead of difficult to understand. Its been designed in an remarkably straightforward way and is particularly just following i finished reading through this book by which basically changed me, change the way in my opinion.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from George Mason of Virginia: An Address This speech of Mr. Machen is such a complete summary of the life, character and works of George Mason, and the occasion of its delivery one so interesting, not only to the relatives of all the distinguished men whose portraits were presented, but to all Virginians who love their State and are proud of her history, that an apology for this effort to preserve the record in more permanent form is scarcely needed. It was desired to have the entire record of that occasion, including all the speeches and all the portraits, gathered into one volume. But finding this too large an undertaking, I leave it to some future historian of the records of old Fairfax. At the request of several representative members of the family, this work is undertaken primarily for the purpose of placing in the hands of every descendant of Mason a reliable sketch of their ancestor, of whom most of them know very little beyond the name. It is hoped that many who read this will seek to study his history more fully in that admirable biography written by Miss Kate Mason Rowland, and published in 1892 by Putnam s Sons, to which work we are indebted for most of the data in this booklet. In his eloquent introduction to Kate Mason Rowland s life of George Mason, General Fitzhugh Lee says: He was indeed the people s man in a people s government. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art...
