Brand New Book ***** Print on Demand *****.Kelly Wallace was a homeschooling single-mom to three daughters for over a decade. During that time she learned a lot along the way, made lots of mistakes, and eventually did things right. She s written many articles on the subject of schooling from home for top blogs and website. In this book she shares these articles (revised, expanded and updated), new subjects she s written about, and her journey as a homeschooling parent. She covers subjects such as learning across the curriculum, frugal field trips, record keeping, fun math activities, teaching multiple ages, stress busters and more. She also includes dozens of quality online resources. From The Author The decision to homeschool your kids is one you ll never regret, though the path can often be confusing and frustrating. I fully believe that homeschooling should be as much fun for you as it is for your children. After all, you ll be spending many hours each week together learning new things. Why make it bland and boring? Instead, with a bit of ingenuity you can turn even the smallest everyday task into a learning opportunity that sticks with your children for life. This is what No Sweat Home Schooling is all about. I look forward to sharing my experiences and ideas with you!.
