Routledge, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: 'Stephen Wangh tackles an important but rarely discussed aspect of performance teaching. He brings a particular set of hard-won insights based on extensive teaching and personal experience, and doesn't shy away from teasing out the difficult personal lessons drawn from that experience.' - Anthony Jackson, University of Manchester, UK '.readable, interesting and makes a useful contribution to education and training.Wangh is interested in the inner dynamics of teaching and the processes by which teachers can promote - or undermine - creativity.
