DARWIN (3RD REVISED EDITION)

DOWNLOAD PDF

WW Norton & Co. Paperback. Book Condition: new. BRAND NEW, Darwin (3rd Revised edition), Charles Darwin, Philip Appleman, The impact of Charles Darwin's work on Western civilization has been broad and deep. As much as anyone in the modern era, he changed human thought, and his influence is still felt in virtually all aspects of our lives. This new edition, larger and more varied than the previous ones, includes more of Darwin's own work and also presents the most recent research and scholarship on all aspects of Darwin's legacy. The biological sciences, as well as social thought, philosophy, ethics, religion, and literature, have all been shaped and reshaped by evolutionary concepts. Excerpts from the most important books and articles of recent years confirm this Darwinian heritage. New work by Richard Dawkins, Edward O. Wilson, Kevin Padian, Eugene C. Scott, Steven Pinker, Daniel Dennett, Michael Ruse, Frans de Waal, Noretta Koertge, George C. Williams, George Levine, Stephen Jay Gould, Gillian Beer, Ernst Mayr, and many others illuminates this exciting intellectual history. A wide-ranging new introduction by the editor provides context and coherence to this rich body of engaging material, much of which will be shaping human thought well into the new century. This edition will be useful to scientists and historians alike: "The Norton Darwin explains Darwinian evolution and illustrates the social and intellectual conflicts of the past two centuries better than any other book that I am aware of." (Charles Taylor, Professor of Biology, Ecology, and Evolution, University of California, Los Angeles) And it will be of great value to the humanities and social sciences as well: "The edition provides the sharpest and most exciting access to Darwin we have ever had. It shows all of us interested in the heart of our intellectual heritage how that heritage is sustained,...
