Brand New Book ***** Print on Demand *****.This book attempts to settle questions that are incredible and shocking. Our planet produces invisible forces, powerful energies, and a history that exceeds our current willingness to accept. Many books deal with Cryptozoology, UFO reports, spirituality, ET s, and ancient technologies that offer endless speculation. This is not a definitive answer, but argues to accept embrace these oddities; patiently securely waiting until science understands the technologies we ve seen and know exist. Accept the unknown on faith; do not let ignorance frighten you. The answers will come, and scientific growth will occur. Short moral stories and personal observations provide advice on a bizarre world controlled by unseen and unknown forces. Scientists theorize UFO s run on magneto-electrical displacement engines - they just don t know how to make them.yet. Remember, airplanes became jets in under 50 years, we have magnetic-levitation trains doing 700 mph.
